

prep & recovery

Our detail-oriented team will carefully assess your residential or commercial space, pack up your items, and then reinstall when the project is complete.

Refresh packages are available to ensure that your incoming guests arrive to a warm, comfortable and inviting space. Packages range from accessory bundles (towels, linens, plates, etc.) and decor updates to full furniture, paint and interior design services.

With over 20 years of design, installation, and trade show experience, we understand how important details are to maximize your investment.

synergy-environments.com

Synergy coordinated with several contractors to deliver each unit on time and with impeccable attention to detail. This was extremely critical to keep our projects on schedule for investor owners. I highly recommend Synergy for any project that requires flawless coordination, ease of communication, dedication to detail and engaged, caring, and happy personnel. Very hard to duplicate.

– Karen Sepko, Beach Home Alabama Realty

why synergy?

OVER 20 YEARS
of design, installation and
dismantling experience

**PRELIMINARY
